Jessie introduced herself from the Conservation with a wealth of materials. Some were left for board and residents to look over and order trees if desired.

A resident complained of hearing a low frequency sound that has been going on for a long time. Also that his neighbor is hauling in brush from somewhere else to burn. Baas went to investigate. The fire department has also been there but the resident has a burn permit and is only burning wood or brush. Need proof that he is hauling it in.
